

CARE COORDINATION PLAYS A KEY ROLE FOR OLDER ADULTS & FAMILIES

ARE YOU A SOLO AGER? ARE YOU STUGGLING TO CARE FOR AGING PARENTS?

- ✓ Baby Boomers aging alone find themselves needing support
- ✓ Many family caregivers are struggling to balance raising children and caring for aging parents
- ✓ Our Care Coordinators are specialists in issues related to aging and elder care, and act as a liaison between yourself, your family, and your providers
- ✓ You and your loved ones may need assistance because current living environment is becoming overwhelming
- ✓ Our goal is to understand and communicate your needs to the right people at the right time
- ✓ Help schedule, organize, and attend doctor appointments with you, assist during emergencies and hospitalizations or when family members are living at a distance
- ✓ Help you stay in your home safely, perform assessments to identify potential problems and solutions
- ✓ Arrange and oversee home care and support services for you
- ✓ Assist you with medical challenges and their related legal and financial issues
- ✓ Medical record collection and ready access to key information in the event of need

A CARE COORDINATOR MAY BE THE RIGHT DECISION FOR YOU
